

Torch Trust introduces ...

a Christian response to a challenging local need.

Being told you are losing your sight is devastating—and it's happening for someone every day in an eye clinic near you. In Northern Ireland around 50% of those who are blind and partially sighted live alone and 73% have trouble going out of the house by themselves. This can lead to loss of independence, isolation and loneliness.

Could you help? If you are a mature Christian belonging to a church in Lurgan, Craigavon, Portadown, Armagh, or Dungannon, Torch Trust invites you to an

Information Evening

to find out about a new Befriending Service for those who are in the early stages of sight loss.

When: at 8pm on 8th November 2012

Where: Emmanuel Church

23a Castle Lane, Lurgan, Co. Armagh, BT67 9BD

For further information please contact Leonard Campbell
