## Regional News

June 6th marks Disability Sunday. This is a great opportunity to think about how to include disabled people in the life and worship of the church. A pack of ideas and resources that churches can use during that Sunday or another is now available from Torch. A number of churches have requested the pack and a few Ministers have invited Torch staff to speak on that Sunday at their church. Why not order your free pack too?

## International News

A more up-to-date braille hymnbook in Chichewa is being embossed in Malawi, just in time for the big Easter Conference in the Shire Valley where about 70 blind people will be among the participants. A suitable "on demand" system of embossing braille Scriptures in Malawi has now been identified and we hope to ship this to Malawi in the summer.

Janet had a very helpful time at the Bible Society in Blantyre, in regard to co-operation in the distribution of braille Scriptures and the future of the Megavoice Bible in Chichewa.
